

MICHAEL CZYZEWSKI

Technology & Cybersecurity Program Executive

Executive leadership across federal, defense, and regulated financial services. More than 25 years connecting technology delivery, cybersecurity, workforce planning, and financial governance. Former JPMorgan Chase vice president and federal division executive with experience directing a \$50M+ contract portfolio and \$10M+ annual operating budget.

SELECTED LEADERSHIP IMPACT

- **Scaled delivery:** Grew a federal division from 7 to nearly 60 professionals in approximately two years.
- **Improved federal throughput:** Increased annual IRS authorization packages from approximately 65 to 85 and reduced intake from six weeks to one.
- **Strengthened enterprise governance:** Improved Jira delivery-data integrity by approximately 50% across a portfolio involving 20+ Agile teams.

PROFESSIONAL EXPERIENCE

Program Director, Federal Cyber and Cloud Services / CISO

Goal-Oriented Human Performance Technologies (GoHPT) | Mar 2023 - Present

- Lead federal cybersecurity delivery, staffing, partner coordination, and executive reporting across a dispersed delivery organization.
- Directed IRS assessment delivery involving 25+ professionals across five Agile teams; improved authorization-package throughput and intake efficiency.
- Guide system security plans, FISMA evidence, cloud assessments, and agency-side FedRAMP transition work from Revision 4 to Revision 5.
- Support CMMC Level 2 governance through policies, risk management, remediation planning, incident response, and vulnerability monitoring.

Vice President, Senior Manager, Program Management

JPMorgan Chase | Jan 2017 - Mar 2023

- Aligned roadmaps, milestones, staffing, finances, and dependencies across a portfolio involving 20+ Agile teams.
- Coordinated identity and access management, digital keys and certificates, and enterprise data migration across international stakeholders.
- Led cross-functional payment-brand directive and testing delivery involving Visa, Mastercard, American Express, and Discover.

MICHAEL CZYZEWSKI

Technology & Cybersecurity Program Executive

PROFESSIONAL EXPERIENCE / CONTINUED

Executive Consultant, CIO Advisory Services

Computech | Jul 2016 - Dec 2016

- Delivered a six-month engagement covering disaster recovery policies, staff responsibilities, and technology governance.
- Supported .NET/C#, Oracle, and SQL Server software work and Microsoft licensing recertification.

Executive Director, Federal Solutions Delivery / Federal Division Executive

Ventech Solutions | Sep 2014 - Jun 2016

- Directed a \$50M+ contract portfolio and \$10M+ annual operating budget, including forecasts, labor, funding, billing, subcontractors, and delivery risk.
- Expanded the division from 7 to nearly 60 professionals in approximately two years, with up to 24 direct reports.
- Contributed executive leadership to the award and mobilization of the 10-year, \$400M+ CMS HQIS contract.
- Oversaw fixed-price, time-and-materials, and cost-plus delivery; coordinated staffing ramps, quality, corrective action, and contract deliverables.
- Coordinated domestic delivery and two India-based teams; supported capture, proposals, staffing, pricing, and teaming.

Federal Program Manager, Oracle Development

SBD | Oct 2013 - Sep 2014

- Led a 12-person federal application and data team, managing plans, budget, staffing, requirements, risks, and reporting.
- Oversaw Oracle applications, data warehousing, and Informatica delivery, including work for the Railroad Retirement Board.
- Coordinated prime and subcontractor support across applications, infrastructure, databases, security, testing, and help desk operations.

Federal IT Operations Support Manager / Deputy Program Manager / Information Assurance Manager

RCF Information Systems / Air Force Research Laboratory | Mar 2006 - Oct 2013

- Supported a \$12M environment serving approximately 3,000 scientists and engineers across 10+ worldwide sites, with an approximately 17-person team.
- Coordinated two data center moves and migrations, service workflows, performance reporting, and escalation management.
- Managed risk-management framework activities, security configuration requirements, vulnerability response, and control evidence.
- Supported contract deliverables, budgets, funding, billing, and executive briefings for Air Force stakeholders.

MICHAEL CZYZEWSKI

Technology & Cybersecurity Program Executive

TECHNOLOGY FOUNDATION

Senior Oracle Developer

Namasco | Oct 2005 - Mar 2006
